

**Daniel P. Giovenco, PhD, MPH**  
722 West 168<sup>th</sup> Street, 9<sup>th</sup> Floor, New York, NY 10032  
212-342-0616 | dg2984@columbia.edu

**Date of Preparation:** May 1, 2022

### Personal Data

Name: Daniel P. Giovenco  
Birthdate: July 29, 1988  
Birthplace: New Brunswick, New Jersey, USA  
Citizenship: USA

### ACADEMIC APPOINTMENTS/WORK EXPERIENCE

---

Nov 2016 – present	<b>Assistant Professor (tenure track)</b> , Department of Sociomedical Sciences, Columbia University Mailman School of Public Health
Jun 2020 – present	<b>Director of Student Mentoring</b> , Lerner Center for Public Health Promotion, Columbia University Mailman School of Public Health
Nov 2016 – present	<b>Member</b> , Prevention, Control and Disparities Program, Herbert Irving Comprehensive Cancer Center, Columbia University
Nov 2016 – present	<b>Faculty Affiliate</b> , Columbia Population Research Center, Columbia University
Nov 2016 – Jun 2020	<b>Faculty Affiliate</b> , Lerner Center for Public Health Promotion, Columbia University Mailman School of Public Health
Aug 2013 – Oct 2016	<b>Research Associate</b> , Center for Tobacco Studies, Rutgers School of Public Health
Dec 2011 – Jul 2013	<b>Research Assistant</b> , Center for Tobacco Studies, Rutgers School of Public Health

### EDUCATION

---

Sep 2012 – May 2016	<b>PhD in Public Health</b> (Concentration: Social and Behavioral Health Sciences), Rutgers School of Public Health  <b>Dissertation title:</b> The electronic cigarette retail environment in New Jersey and its association with community demographics and youth vaping behaviors. Chair: Cristine D. Delnevo, PhD, MPH  <b>Dissertation publications:</b> <ul style="list-style-type: none"><li>• Giovenco DP, Duncan DT, Coups EJ, Lewis MJ, Delnevo CD. Census tract correlates of vape shop locations in New Jersey. <i>Health Place</i>. 2016;40:123-128. doi:10.1016/j.healthplace.2016.05.008.</li></ul>
---------------------	--

- Giovenco DP, Casseus M, Duncan DT, Coups EJ, Lewis MJ, Delnevo CD. Association between electronic cigarette marketing near schools and e-cigarette use among youth. *J Adolesc Health*. 2016;59(6):627-634. doi:10.1016/j.jadohealth.2016.08.007.

Sep 2010 – May 2012

**MPH** (Concentration: Social and Behavioral Health Sciences), Rutgers School of Public Health

**Fieldwork project:** A needs assessment of “corner stores” participating in the *Healthy Corner Stores Project* in Trenton, NJ. Faculty advisor: Neil Richard Boyd, EdD, MSPH

Sep 2006 – May 2010

**BA**, Health Communication, Spanish, The College of New Jersey

## HONORS AND AWARDS

---

**Invited scholar**, Brocher Summer Academy in Population-Level Bioethics, Brocher Foundation, Hermance, Switzerland (Ethics and nicotine: moral dimensions of harm reduction within tobacco control), May 28 – June 1, 2018

- One of 40 international scholars invited to participate in discussion and debate surrounding the public health implications of tobacco harm reduction

**Trainee**, The Population Assessment of Tobacco and Health (PATH) Study Data User Workshop, University of Michigan, Ann Arbor, MI, August 9-11, 2017

- One of 25 researchers admitted to an intensive, 3-day training on merging and analyzing multiple waves of the PATH Study

**NIH Director’s Early Independence Award (DP5)**, National Institutes of Health, September 2016

- 5-year grant (R01-equivalent) that “*supports outstanding junior scientists with the intellect, scientific creativity, drive, and maturity bypass the traditional postdoctoral training period to launch independent research careers.*”
- One of 16 awardees in 2016, and the only social/behavioral scientist in the cohort

**Scholar**, Health Disparities Research Institute, National Institutes of Health, Bethesda, MD, August 15-19, 2016

- Training program sponsored by the National Institute of Minority Health and Health Disparities (NIMHD). Fifty scholars admitted from an applicant pool of over 500 early career scientists

**Stuart D. Cook, MD, PhD Student Public Health Research Award**, Rutgers School of Public Health, May 2016

- Awarded to a graduating doctoral student for outstanding dissertation research

**Student Awards Contest Winner**, American Public Health Association, Public Health Education and Health Promotion Section, October 29, 2012. Abstract: A community needs assessment for the Healthy Corner Stores Project in Trenton, NJ

**Bernard D. Goldstein, MD Award**, Rutgers School of Public Health, May 2012.

- Awarded to graduating MPH students with the highest academic departmental ranking

**Werner O. Schilling Endowed Scholarship**, Rutgers School of Public Health, May 2012

- Awarded to a student with an outstanding fieldwork project on community nutrition

**Delta Omega Honorary Society in Public Health**, May 2012

**Chapter President**, Lambda Pi Eta National Communication Studies Honor Society, Alpha Xi chapter, Sep 2009 – May 2010

## **ADMINISTRATIVE LEADERSHIP AND ACADEMIC SERVICE**

---

- 2021
- Reviewer**, “Premium cigars: Patterns of use, marketing, and health effects.” A consensus study report of the National Academies of Sciences, Engineering, and Medicine (NASEM)
- Grant Reviewer**, Intervention and Implementation Science Pilot Award, Irving Institute for Clinical and Translational Research, Columbia University Medical Center
- Member**, Faculty Steering Committee, Columbia University Mailman School of Public Health
- Program Committee Member**, 2022 conference of the Society for Research on Nicotine and Tobacco
- Facilitator**, “Self, Social, and Global Awareness” (SSGA) training for incoming students, Columbia University Mailman School of Public Health. August 31
- 2020
- Action Corps Member**, FORWARD Initiative (Fighting Oppression, Racism and White Supremacy through Action, Research and Discourse), Columbia University Mailman School of Public Health
- Faculty representative on a committee to improve the recruitment, mentorship, promotion, and retention of faculty and staff who have historically been excluded from higher education and the health professions
- Grant Reviewer**, Intervention and Implementation Science Pilot Award, Irving Institute for Clinical and Translational Research, Columbia University Medical Center
- Member**, Faculty Steering Committee, Columbia University Mailman School of Public Health
- Facilitator**, “Self, Social, and Global Awareness” (SSGA) training for incoming students, Columbia University Mailman School of Public Health. September 16
- Participant**, Mini-Institute on Addressing Anti-Black Racism: Moving beyond Symbols and Performance: A Radical Reimagining of Antiracist Selves and Institutions, Columbia University Office of the Provost and Columbia School of Social Work. July 21 – August 4
- Program Committee Member**, 2021 conference of the Society for Research on Nicotine and Tobacco

- Grant Reviewer (ad hoc)**, Social Sciences and Population Studies Study Section A (SSPA), Center for Scientific Review, National Institutes of Health. February 5-7
- 2019 **Member**, Work group to identify intra-departmental thematic areas that foster collaboration and growth, Columbia University Mailman School of Public Health, Department of Sociomedical Sciences
- Member**, Planning committee for the Department of Sociomedical Sciences' 50<sup>th</sup> anniversary celebration, Columbia University Mailman School of Public Health, Department of Sociomedical Sciences
- 2018 **Member**, Committee to develop a foundational public health course for incoming academic degree (MS, PhD) students, Columbia University Mailman School of Public Health
- Facilitator**, “Self, Social, and Global Awareness” (SSGA) training for incoming students, Columbia University Mailman School of Public Health. August 28-30
- 2017 **Member**, Committee to improve compliance with Columbia University Medical Center’s smoke-free policy on campus, Columbia University Medical Center
- Member**, Master of Science in Sociomedical Sciences planning committee, Columbia University Mailman School of Public Health, Department of Sociomedical Sciences
- 2017 – present **Member**, Admissions Committee, Columbia University Mailman School of Public Health, Department of Sociomedical Sciences

## PROFESSIONAL ORGANIZATIONS AND SOCIETIES

---

### Memberships and Positions

Society for Research on Nicotine and Tobacco (SRNT), Jan 2015 – present

- Abstract reviewer for SRNT annual meeting (2017-2022)
- Application reviewer for SRNT Health Disparities Network Travel Scholarship (2019-2020)
- Program Committee Member for 2021 and 2022 annual conferences

American Public Health Association (APHA), Sep 2012 – present

- Section membership: Alcohol, Tobacco, and Other Drugs; Public Health Education and Health Promotion

### Journal Reviewer (ad hoc)

Tobacco Control

Nicotine & Tobacco Research

- Among the top 2% of reviewers based on the number and quality of submitted reviews (Awarded by Editor-in-Chief, January 2017)

Addiction

Preventive Medicine

American Journal of Public Health

JAMA Network Open

Journal of Adolescent Health  
 International Journal of Public Health  
 Health & Place  
 Tobacco Prevention & Cessation  
 American Journal of Preventive Medicine  
 Health Education & Behavior  
 Tobacco Regulatory Science  
 Addiction Research & Theory

 Health Education Research  
 PLOS One  
 Preventing Chronic Disease

## GRANT SUPPORT

---

### Present Support

**DP5OD023064**, Office of the Director, NIH. Geographic variation in the diverse tobacco retail environment and its impact on tobacco use disparities. \$1,250,000 (direct), 09/01/2016 – 08/31/2021 (Role: Principal Investigator)

**R01CA240555**, National Cancer Institute, NIH. A randomized controlled trial to support smoke-free policy compliance in public housing. \$2,074,750 (direct), 08/01/2020 – 04/30/2025 (Role: Co-Investigator, PI: Hernández)

**R01ES029967**, National Institute of Environmental Health Sciences, NIH. Metal exposure and early cardiovascular risk in adult e-cigarette users. \$2,477,416 (direct), 08/01/2020 – 05/31/25 (Role: Co-Investigator, PI: Navas-Acien/Shimbo)

**Subcontract on U54CA229973**, National Cancer Institute, NIH; FDA Center for Tobacco Products. Examining the effects of advertising, packaging and labeling on perceptions, use and exposure of combustible tobacco products. \$213,739 (direct), 09/14/2018 – 08/31/2023 (Role: Principal Investigator, Tobacco Industry Marketing Core; Parent grant PI: Strasser/Delnevo)

- One of 9 Tobacco Centers of Regulatory Science (TCORS) funded by NIH/FDA

**Subcontract on R01CA231139**, National Cancer Institute, NIH. Adoption, diffusion, and implementation of Tobacco 21 policies to address health disparities. \$41,975 (direct), 07/01/2019 – 06/30/2021 (Role: Principal Investigator; Parent grant PI: Delnevo/Hudson)

**R01AA029112**, National Institute on Alcohol Abuse and Alcoholism, NIH. Impacts of Subsidized Ridesharing on Drunk Driving, Alcohol Consumption and Mobility. \$2,374,028 (direct), 04/01/2021 – 03/31/2026 (Role: Co-Investigator, PI: Morrison)

### Past Support

**R01CA190444**, National Cancer Institute, NIH. Physicians' perceptions, attitudes, and communication of e-cigarettes. \$1,844,181 (direct), 06/01/2015 – 05/31/2020 (Role: Co-Investigator, PI: Delnevo)

**Subcontract on P30CA072720**, National Cancer Institute, NIH; FDA Center for Tobacco Products. Impact of cigar product characteristics on young people's cigar use and perceptions. \$292,282 (direct), 03/01/2014 – 02/28/2016 (Role: Co-Investigator, Parent grant PI: DiPaolo)

**Pending Support**

**R01CA269848**, National Cancer Institute, NIH. Evaluating the impact, equity, and mechanisms of a novel policy intervention to reduce tobacco retailer density in communities. \$1,744,820 (direct), 04/01/2022 – 03/31/2027 (Role: Principal Investigator)

**R01DA000000**, National Institute on Drug Abuse, NIH. The individual and combined effects of state-level tobacco and cannabis policies on youth and young adult co-use of nicotine and cannabis: A mixed methods analysis. \$2,443,803 (direct), 09/01/2021 – 08/31/2026 (Role: Co-Investigator, PI: Philbin)

**EDUCATIONAL CONTRIBUTIONS**

---

**Direct Teaching**

Spring 2022	<b>Instructor</b> , Designing Public Health Interventions (graduate course), Columbia University Mailman School of Public Health, Department of Sociomedical Sciences (28 students registered)
Spring 2021	<b>Instructor</b> , Designing Public Health Interventions (graduate course), Columbia University Mailman School of Public Health, Department of Sociomedical Sciences (28 students registered)
Spring 2020	<b>Instructor</b> , Designing Public Health Interventions (graduate course), Columbia University Mailman School of Public Health, Department of Sociomedical Sciences (28 students registered)
Spring 2019	<b>Instructor</b> , Designing Public Health Interventions (graduate course), Columbia University Mailman School of Public Health, Department of Sociomedical Sciences (21 students)
Spring 2018	<b>Instructor</b> , Designing Public Health Interventions (graduate course), Columbia University Mailman School of Public Health, Department of Sociomedical Sciences (13 students) <ul style="list-style-type: none"> <li>This was a new course I developed to fill a departmental gap in course offerings for students interested in the fields of health promotion and health education</li> </ul>
Fall 2016	<b>Instructor</b> , Principles of Health Education (undergraduate course), Edward J. Bloustein School of Planning and Public Policy, Rutgers University (20 students)
Spring 2016	<b>Instructor</b> , Principles of Health Education (undergraduate course), Edward J. Bloustein School of Planning and Public Policy, Rutgers University (24 students)
Fall 2015	<b>Instructor</b> , Principles of Health Education (undergraduate course), Edward J. Bloustein School of Planning and Public Policy, Rutgers University (18 students)

- Spring 2015 **Instructor**, Principles of Health Education (undergraduate course), Edward J. Bloustein School of Planning and Public Policy, Rutgers University (19 students)
- Fall 2014 **Instructor**, Principles of Health Education (undergraduate course), Edward J. Bloustein School of Planning and Public Policy, Rutgers University (15 students)
- Spring 2013 **Teaching Assistant**, Health Education and Behavioral Science (graduate course), Rutgers School of Public Health, Department of Social and Behavioral Health Sciences (31 students)
- Fall 2012 **Teaching Assistant**, Health Education and Behavioral Science (graduate course), Rutgers School of Public Health, Department of Social and Behavioral Health Sciences (29 students)
- Guest Lectures**
- 2022 **Adolescent Health: A Public Health Perspective**, Columbia University Mailman School of Public Health, Department of Population and Family Health (Instructor, John Santelli, MD, MPH). March 24. Title of talk: Current issues in adolescent tobacco use disparities
- 2021 **Adolescent Health: A Public Health Perspective**, Columbia University Mailman School of Public Health, Department of Population and Family Health (Instructor, John Santelli, MD, MPH). April 1. Title of talk: Adolescent tobacco, e-cigarette, and marijuana use
- Applied Quantitative Research Workshop**, New York University, Department of Sociology (Instructor: Lawrence L. Wu, PhD). January 9. Title of talk: GIS methods in public health research
- 2020 **Adolescent Health: A Public Health Perspective**, Columbia University Mailman School of Public Health, Department of Population and Family Health (Instructor, John Santelli, MD, MPH). April 9. Title of talk: Addressing the youth vaping epidemic
- 2019 **Applied Quantitative Research Workshop**, New York University, Department of Sociology (Instructor: Amanda Geller, PhD). November 18. Title of talk: GIS methods in public health research
- Applied Quantitative Research Workshop**, New York University, Department of Sociology (Instructor: Amanda Geller, PhD). April 8. Title of talk: GIS methods in public health research
- 2018 **Public Health Field Practice**, Columbia University Mailman School of Public Health, Department of Population and Family Health (Instructor: Heather Krasna, MS). May 4. Title of talk: Communicating message to diverse audiences
- Substance Abuse Training Seminar**, Columbia University Mailman School of Public Health, Department of Epidemiology (Instructor: Silvia

Martins, MD, PhD). April 24. Title of talk: Tobacco marketing in NYC neighborhoods and its impact on health disparities

**Applied Quantitative Research Workshop**, New York University, Department of Sociology (Instructor: Amanda Geller, PhD). April 23. Title of talk: GIS methods in public health research

**Designing Needs and Assets Assessments in Public Health**, Columbia University Mailman School of Public Health, Department of Sociomedical Sciences (Instructor: Marita Murrman, EdD). January 25. Title of talk: Field data collection tools for community health needs assessments

2017 **Health and Public Policy**, Edward J. Bloustein School of Planning and Public Policy, Rutgers University (Instructor: Mary Hrywna, PhD). April 19. Title of talk: Policy initiatives to combat obesity

**Health Risk Communication**, Rutgers School of Public Health, Department of Social and Behavioral Health Sciences (Instructor: Jane Lewis, DrPH). April 11. Title of talk: Presenting quantitative health risk information

**Seminar in Tobacco Control and Public Health**, Rutgers School of Public Health, Department of Social and Behavioral Health Sciences (Instructor: Olivia Wackowski, PhD). March 30. Title of talk: Tobacco marketing at the point-of-sale

2016 **Health and Public Policy**, Edward J. Bloustein School of Planning and Public Policy, Rutgers University (Instructor: Mary Hrywna, PhD). March 23. Title of talk: Policy initiatives to combat obesity

**Health Risk Communication**, Rutgers School of Public Health, Department of Social and Behavioral Health Sciences (Instructor: Jane Lewis, DrPH). February 16. Title of talk: Tips for effective poster presentations

### Advising and Mentorship

#### Fieldwork/Practicum Supervising

2017 **Sarah Chew** (MPH candidate): Needs assessment for a health communication campaign to refresh Columbia University Medical Center's smoke-free air policy, Columbia University Mailman School of Public Health

2015 **Erin Miller Lo** (MPH candidate): Associations between tobacco retailer density and community demographics: An analysis of nine New Jersey cities. Rutgers School of Public Health

2014 **Jouelle Robinson** (MPH candidate): Assessing point-of-sale marketing of non-cigarette tobacco products in New Jersey stores. Rutgers School of Public Health

#### Master's Thesis Sponsorship

- 2022
- Taishi Asanuma** (MPH candidate): Effectiveness of social prescribing: A systematic review. Columbia University Mailman School of Public Health
- Camille Garrett** (MPH candidate): GIS-based analysis of access to green spaces in the East Village and Lower East Side, NYC. Columbia University Mailman School of Public Health
- Cory Silver** (MPH candidate): An investigation into the impact of historical redlining on present-day COVID-19 vaccine uptake. Columbia University Mailman School of Public Health
- Melanie Lowenstein** (MPH candidate): Examining the impact of Amazon’s algorithm on SNAP participants in NYC. Columbia University Mailman School of Public Health
- 2021
- Rachel Maggi** (MPH candidate): Identifying and defining bisexual-specific minority stressors and assessing implications for observed health disparities. Columbia University Mailman School of Public Health
- Alexandra Greidanus** (MPH candidate): Association between rates of e-cigarette or vaping, product use-associated lung injury (EVALI) and state health department messaging related to vaping. Columbia University Mailman School of Public Health
- Shams Sohani** (MPH candidate): Assessing the factors that influence tobacco consumption behaviors of Pakistani-American adults in New York City during COVID-19: A community needs assessment. Columbia University Mailman School of Public Health
- Adam Rosenfeld** (MPH candidate): Mental health days out of work: Policy and predictors. Columbia University Mailman School of Public Health
- 2020
- Danielle Barrasse** (MPH candidate): New York City Department of Health and Mental Hygiene cocaine and fentanyl awareness campaign: Evaluation design for the assessment of immediate and intermediate outcomes of a pilot campaign in the Meatpacking District, NYC. Columbia University Mailman School of Public Health
- Terri Long** (MPH candidate): Social media content analysis: A case of the Pax company. Columbia University Mailman School of Public Health
- Emily Schenkein** (MPH candidate): A qualitative needs assessment proposal to inform program development and implementation of clinical quality improvement intervention support persons of reproductive age who experience opioid use disorder in New York City. Columbia University Mailman School of Public Health
- Florence Schroeder** (MPH candidate): Transitioning foster youth and health insurance coverage gaps. Columbia University Mailman School of Public Health
- 2019
- Tess Solomon** (MPH candidate): Evaluation of the “Maternal Health Advocate Program” within a network of federally qualified health centers in New York City. Columbia University Mailman School of Public Health

**Garrison Daly** (MPH candidate): The Social Vulnerability Index as a predictor of behavioral health in rural and urban America: A case study in Montana and New York. Columbia University Mailman School of Public Health

**Nicole Albanese** (MPH candidate): Examining generational and geographical variation in violent firearm deaths with an age-period-cohort analysis. Columbia University Mailman School of Public Health

2018 **Sarah Chew** (MPH candidate): Understanding smoke-free policy non-compliance: A needs assessment proposal for the CUMC/NYP smoke-free policy. Columbia University Mailman School of Public Health

**July Merizier** (MPH candidate): Identifying risk factors to address cigar use among Black/African-American high school students in Manhattan. Columbia University Mailman School of Public Health

**Ashley Joseph** (MPH candidate): Predictors of 30-Day re-admission in African American adults hospitalized for COPD. Columbia University Mailman School of Public Health

Post-Doctoral Trainees

2018-2019 **Sabeeh A. Baig, PhD**, Supported by DP5OD023064 (PI: Giovenco)

- Dr. Baig currently works as a Social Scientist at the U.S. Food and Drug Administration’s Center for Tobacco Products. Together, we have co-authored 3 peer-reviewed publications.

Other

2017 – present **Torra E. Spillane, MPH**, Supported by DP5OD023064 (PI: Giovenco)

- Ms. Spillane was hired as a Project Coordinator for the DP5 award and is currently a doctoral student at the Johns Hopkins Bloomberg School of Public Health. Together, we have co-authored 10 peer-reviewed publications.

**Community Education**

2021 **Panelist**, “How Environments Shape Health Disparities,” Scientific Summer Enrichment Program, Herbert Irving Comprehensive Cancer Center, Columbia University Medical Center, New York, NY. July 14.

- Led a discussion with high school and undergraduate students about ways in which the built environment impacts cancer outcomes

2020 **Presenter**, NYC No Tobacco Week 2020, jointly organized by a consortium of NYC’s comprehensive cancer centers. May 31 – June 8.

- Recorded bilingual (English and Spanish) YouTube videos on the cancer risks of various tobacco products

2019 **Panelist**, Community forum on tobacco use, Herbert Irving Comprehensive Cancer Center, Columbia University Medical Center, New York, NY. January 23

- Engaged in a question-and-answer discussion on novel tobacco products with community members and cancer survivors

**Speaker**, Annual meeting of the Wisconsin African American Tobacco Prevention Network, Milwaukee, WI. April 3

- Described historical tobacco industry strategies to promote tobacco products at the point-of-sale in predominantly Black/African American communities, and policy/prevention approaches to combat these tactics

**Speaker**, School assembly on the health risks of vaping, Bay Ridge Prep, Brooklyn, NY. April 17

- 2018 **Workshop leader**, E-cigarette prevention among youth, Gill St. Bernard's School, Gladstone, NJ. November 12
- Developed and led a 3-part workshop (faculty/staff, students, parents) on the health risks of e-cigarette use and strategies for youth prevention
- 2016 **Speaker**, Epidemiology of tobacco use module, 5-Day Certified Tobacco Treatment Specialist (CTTS) Training, Tobacco Dependence Program, Rutgers School of Public Health, New Brunswick, NJ. October 17

## PUBLICATIONS

---

### Peer-Reviewed Research Publications

1. Delnevo CD, **Giovenco DP**, Villanti AC. Impact of menthol capsule cigarettes on menthol and nonmenthol cigarette consumption in the US, 2008 to 2020. *Tob Control*. 2022. (Accepted, in press)
  - I assisted with data analysis, results interpretation, and manuscript drafting and revising. *Tobacco Control* is the preeminent journal in the field of tobacco control research, with an impact factor of 6.221.
2. **Giovenco DP**, Spillane TE, Talbot E, Wackowski OA, Audrain-McGovern J, Ganz O, Delnevo CD. Packaging characteristics of top-selling cigars in the United States, 2018. *Nicotine Tob Res*. 2022. (Accepted, in press)
3. Niu Z, Riley M, Stapleton J, Oschner M, Hernández G, Kimmel L, **Giovenco DP**, Hudson SV, O'Malley D, Lozada C, Casillas Pabellón, Heckman C, Coups EJ. Sunburns and sun protection behaviors among male Hispanic outdoor day laborers. *Int J Environ Res Public Health*. 2022. (Accepted, in press)
  - I contributed to the design and analysis of the survey used for this study, and helped draft the final manuscript. *The International Journal of Environmental Research and Public Health* is an interdisciplinary, peer-reviewed, open access journal that publishes on topics related to environmental health, public health, occupational hygiene, and global health. It has a 5-year impact factor of 3.127.
4. Ganz O, Cohn AM, Goodwin RD, **Giovenco DP**, Wackowski OA, Talbot EM, Delnevo CD. Internalizing problems are associated with initiation and past 30-day use of flavored tobacco products. *Addict Behav*. 2021. (Accepted, in press)
  - I made meaningful contributions to results interpretation and drafting of this manuscript, as well as its revisions. *Addictive Behaviors* (impact factor: 3.325) is an international peer-reviewed journal publishing high quality human research on addictive behaviors and

disorders, particularly those related to substance use. It has wide reach in the field, with over 2 million full-text article downloads in the last 5 years.

5. Delnevo CD, Miller Lo E, **Giovenco DP**, Cornacchione Ross J, Hrywna M, Strasser AA. Cigar sales in convenience stores in the United States, 2009-2020. *JAMA*. 2021. (Accepted, in press)
  - I made substantial contributions to the interpretation of study results, manuscript writing, and critical revisions. *JAMA* is the most widely circulated general medical journal in the world and has an impact factor of 56.3. The acceptance rate for articles is 7%.
6. Talbot EM, **Giovenco DP**, Grana R, Hrywna M, Ganz O. Cross-promotion of nicotine pouches by leading cigarette brands. *Tob Control*. 2021. (Accepted, in press)
  - I significantly contributed to the initial drafting and revising of this manuscript. *Tobacco Control* is the preeminent journal in the field of tobacco control research, with an impact factor of 6.221.
7. Pearson JL, **Giovenco DP**, Lewis MJ, Moran MB, Ganz O. Natural American Spirit launches “Sky”, the brand’s first commercial organic cigarette with a charcoal filter. *Tob Control*. 2021. (Accepted, in press)
  - I helped conceptualize the idea for this “Industry Watch” and meaningfully contributed to its writing and revision. *Tobacco Control* is the preeminent journal in the field of tobacco control research, with an impact factor of 6.221.
  - This article was among *Tobacco Control’s* top 5 most read articles in 2021
8. Ganz O, King JL, **Giovenco DP**, Hrywna M, Strasser AA, Delnevo CD. Associations between Black & Mild cigar pack size and demographics and tobacco use behaviors among US adults. *Int J Environ Res Public Health*. 2021. (Accepted, in press)
  - I made substantial contributions to the study design, results interpretation, and manuscript writing. The *International Journal of Environmental Research and Public Health* is an interdisciplinary, peer-reviewed, open access journal that publishes on topics related to environmental health, public health, occupational hygiene, and global health. It has a 5-year impact factor of 3.127.
9. Delnevo CD, Jeong M, Ganz O, **Giovenco DP**, Miller Lo E. The effect of cigarillo packaging characteristics on young adult perceptions and intentions: an experimental study. *Int J Environ Res Public Health*. 2021. (Accepted, in press)
  - I significantly contributed to the conceptualization of the study design. I also participated in data collection activities and manuscript drafting and revising. The *International Journal of Environmental Research and Public Health* is an interdisciplinary, peer-reviewed, open access journal that publishes on topics related to environmental health, public health, occupational hygiene, and global health. It has a 5-year impact factor of 3.127.
10. Morrison CN, Lee JP, **Giovenco DP**, West B, Hidayana I, Swandewi Astuti PA, Mooney S, Jacobowitz A, Rundle A. The geographic distribution of retail tobacco outlets in Yogyakarta, Indonesia. *Drug Alcohol Rev*. 2021. (Accepted, in press)
  - I assisted with the development of the research protocol and data collection instrument, and contributed to the initial drafting and subsequent revising of the final manuscript. *Drug and Alcohol Review* is the official journal of the Australasian Professional Society on Alcohol and other Drugs, and is the Asia-Pacific’s leading multidisciplinary journal addressing issues related to alcohol and drug problems. The journal has an impact factor of 2.472.

11. Safi Z, Ganz O, **Giovenco DP**, Delnevo CD, Lewis MJ. White Owl launches sweepstakes to promote new dessert-flavored cigar. *Tob Control*. 2021. (Accepted, in press)
  - I helped conceptualize the idea for this “Ad Watch” and meaningfully contributed to its writing and revision. Tobacco Control is the preeminent journal in the field of tobacco control research, with an impact factor of 6.221.
12. **Giovenco DP**, Spillane TE, Maggi RM, Lee EY, Philbin MM. Multi-level drivers of tobacco use and purchasing behaviors during COVID-19 “lockdown”: A qualitative study in the United States. *Int J Drug Policy*. 2021;94(103175). doi: 10.1016/j.drugpo.2021.103175
13. Hernández D, Harned E, Yomogida M, Atkinson D, **Giovenco DP**, Jia C, Martínez P, Camerata S, Moon Howard J, Aidala A. A new lease on life in public housing: Assessing the impact of the Rental Assistance Demonstration (RAD) program on smoking in buildings and resident satisfaction. *Cityscape*. 2021. (Accepted, in press)
  - I contributed to results interpretation, manuscript writing, and critical manuscript revisions. Cityscape is a journal published three times a year by the Office of Policy Development and Research (PD&R) of the U.S. Department of Housing and Urban Development. The journal publishes high-quality original research on housing and community development issues relevant to scholars, government officials, and practitioners.
14. Glasser AM, **Giovenco DP**, Levy DT, Vojjala M, Cantrell J, Abrams DB, Niaura RS. E-cigarettes and cessation: Asking different questions requires different methods. *Nicotine Tob Res*. 2020. (Accepted, in press)
  - I helped conceptualize the structure and content of this commentary and contributed to manuscript writing and revisions. Nicotine & Tobacco Research (impact factor: 3.786) is the official journal of the Society for Research on Nicotine and Tobacco, the largest tobacco-related research society globally.
15. Spillane TE, Wong BA, **Giovenco DP**. Content analysis of Instagram posts by leading cannabis vaporizer brands. *Drug Alcohol Depend*. 2020. [Epub ahead of print]. doi: 10.1016/j.drugaldep.2020.108353
  - I helped develop the methodological approach, contributed to results interpretation, and assisted in drafting and revising the final manuscript. Drug and Alcohol Dependence, the flagship journal of the College on Problems of Drug Dependence (CPDD), is an international journal devoted to publishing original research in the area of drug, alcohol and tobacco use and dependence. Its 2019 impact factor is 3.951.
16. **Giovenco DP**, Spillane TE, Baig SA, Dumas SE, Dongchung TY, Sanderson M, Sisti JS, Farley SM, Jasek JP, Levanon Seligson A. Demographic and psychological moderators of the relationship between neighborhood cigarette advertising and current smoking in New York City. *Health Place*. 2020. [Epub ahead of print]. doi: 10.1016/j.healthplace.2020.102441
  - This publication was written in partnership with collaborators from the NYC Department of Health and Mental Hygiene, who provided restricted access to the geocoded version of the 2017 NYC Community Health Survey.
  - I co-authored this manuscript with my postdoctoral mentee, Dr. Sabeeh Baig.
17. Glasser AM, Vojjala M, Cantrell J, Levy DT, **Giovenco DP**, Abrams DB, Niaura RS. Patterns of e-cigarette use and subsequent cigarette smoking cessation over two years (2013/2014 to 2015/2016) in the Population Assessment of Tobacco and Health (PATH) Study. *Nicotine Tob Res*. 2020. [Epub ahead of print]. doi: 10.1093/ntr/ntaa182

- I made substantial contributions to the study's conceptualization, analysis plan, results interpretation, and writing. *Nicotine & Tobacco Research* (impact factor: 3.786) is the official journal of the Society for Research on Nicotine and Tobacco, the largest tobacco-related research society globally.
  - This publication was a finalist for the 2022 Best Paper Award at the annual meeting of the Society for Research on Nicotine and Tobacco.
18. Mercincavage M, Albelda B, Mays D, Souprountchouk V, **Giovenco DP**, Audrain-McGovern J, Strasser AA. Shedding 'light' on cigarette pack design: Color differences in product perceptions, use, and exposure following the U.S. descriptor ban. *Tob Control*. 2020 [Epub ahead of print]. doi: 10.1136/tobaccocontrol-2020-055886
- I contributed meaningfully to results interpretation and drafting and revising the manuscript. *Tobacco Control* is the preeminent journal in the field of tobacco control research, with an impact factor of 6.221.
19. Delnevo CD, **Giovenco DP**, Villanti AC. Assessment of menthol and nonmenthol cigarette consumption in the US, 2000 to 2018. *JAMA Netw Open*. 2020;3(8): e2013601. doi:10.1001/jamanetworkopen.2020.13601
- I made substantial contributions to this manuscript, including results interpretation and writing. *JAMA Network Open*, a member of the JAMA Network, is an international, peer-reviewed, open access, general medical journal that publishes research on clinical care, health policy, and global health across all health disciplines. It's impact factor is 5.03, one of the highest among open access general medicine journals.
20. Philbin MM, Mauro PM, Greene E, LaBossier N, **Giovenco DP**, Martins SS. Medical cannabis laws and medical and non-medical prescription stimulant use among a nationally representative sample of US Adults: Examining the role of sexual identity and gender. *Int J Drug Policy*. 2020;84:102861. doi: 10.1016/j.drugpo.2020.102861
- I contributed to the results interpretation, initial writing, and critical editing of this manuscript. *The International Journal of Drug Policy* seeks to publish material on the social, political, legal, and health contexts of psychoactive substance use, and is particularly concerned with the effects of drug policy and practice on drug-using behavior and its health and social consequences. In 2019, the journal had an impact factor of 4.44.
21. **Giovenco DP**, Spillane TE, Lewis MJ. Blowing the lid off: An analysis of interior cigarette pack features and marketing strategies. *Tob Control*. 2020. [Epub ahead of print]. doi: 10.1136/tobaccocontrol-2020-055701
22. Son Y, **Giovenco DP**, Delnevo CD, Khlystov A, Samburova V, Meng Q. Indoor air quality and passive e-cigarette aerosol exposures in vape-shops. *Nicotine Tob Res*. 2020. [Epub ahead of print]. doi: 10.1093/ntr/ntaa094
- I contributed meaningfully to vape shop sampling and recruitment strategies, results interpretation, and manuscript writing. *Nicotine & Tobacco Research* (impact factor: 3.786) is the official journal of the Society for Research on Nicotine and Tobacco, the largest tobacco-related research society globally.
23. Delnevo CD, **Giovenco DP**, Hrywna M. Rapid proliferation of illegal pod-mod disposable e-cigarettes. *Tob Control*. 2020 [Epub ahead of print]. doi:10.1136/tobaccocontrol-2019-055485
- I made substantial contributions to the writing and revising of the final manuscript. *Tobacco Control* is the preeminent journal in the field of tobacco control research, with an impact factor of 6.221.

24. Baig SA, **Giovenco DP**. Behavioral heterogeneity among cigarette and e-cigarette dual-users and associations with future tobacco use: Findings from the Population Assessment of Tobacco and Health Study. *Addict Behav.* 2020;104:106263. doi: 10.1016/j.addbeh.2019.106263
- I co-authored this manuscript with my postdoctoral mentee, Dr. Sabeeh Baig.
  - I contributed substantially to study conceptualization, data analysis/interpretation, and manuscript writing. *Addictive Behaviors* (impact factor: 3.325) is an international peer-reviewed journal publishing high quality human research on addictive behaviors and disorders, particularly those related to substance use. It has wide reach in the field, with over 2 million full-text article downloads in the last 5 years.
25. **Giovenco DP**. Different smokes for different folks? E-cigarettes and tobacco disparities. *Am J Public Health.* 2019;109(9):162-163. doi: 10.2105/AJPH.2019.305250
- I was invited by the journal's Editor-in-Chief to submit a commissioned editorial discussing the role that e-cigarettes may play in shaping health disparities. *The American Journal of Public Health* has an impact factor of 4.380 and is ranked #4 of 156 titles in the Public, Environmental and Occupational Health category in the Social Sciences Citation Index.
26. Weinberger AH, **Giovenco DP**, Zhu J, Lee J, Kashan RS, Goodwin RD. Racial/ethnic differences in daily, nondaily, and menthol cigarette use and smoking quit ratios in the United States: 2002 to 2016. *Prev Med.* 2019;125:32-39. doi: 10.1016/j.ypmed.2019.04.009
- I made substantial contributions to this publication with respect to data analysis and interpretation, and I drafted and revised several sections of the manuscript. *Preventive Medicine* (impact factor: 4.001) is an international scholarly journal that publishes original articles on the science and practice of disease prevention, health promotion, and public health policymaking, and had an acceptance rate of 16.1% in 2018 when this article was submitted.
27. **Giovenco DP**, Spillane TE, Delnevo CD. Predictive Validity of Tobacco Product Advertising and Retail Availability. *Tob Regul Sci.* 2019;5(5):440-446. doi: 10.18001/TRS.5.5.4
28. **Giovenco DP**, Spillane TE, Wong BA, Wackowski OA. Characteristics of storefront tobacco advertisements and differences by product type: A content analysis of retailers in New York City, USA. *Prev Med.* 2019;123:204-207. doi: 10.1016/j.ypmed.2019.03.045
29. Delnevo CD, **Giovenco DP**, Kurti M, Al-Shujairi A. Co-marketing of marijuana and cigars in US convenience stores. *Tob Control.* 2020;29(2):224-225. doi: 10.1136/tobaccocontrol-2018-054651
- I contributed significantly to study conceptualization, results interpretation, drafting the initial manuscript, and making critical revisions. *Tobacco Control* is the preeminent journal in the field of tobacco control research, with an impact factor of 6.221.
30. Hernández D, Swope CB, Azuogo C, **Giovenco DP**, Siegel E. "If I pay rent, I'm gonna smoke": Insights on the social contract of smokefree housing policy in affordable housing settings. *Health Place.* 2019;56:106-117. doi: 10.1016/j.healthplace.2019.01.007
- I made substantial intellectual and editorial contributions to the development of this manuscript, particularly in the introduction and discussion sections. *Health & Place* is an international and interdisciplinary journal dedicated to the study of all aspects of health and health care in which place or location matters. This journal was selected for its global reach (impact factor: 3.202).

31. **Giovenco DP**, Spillane TE. Improving efficiency in mobile data collection for place-based public health research. *Am J Public Health*. 2019;109(S2):S123–S125. doi: 10.2105/AJPH.2018.304875
32. **Giovenco DP**, Spillane TE, Merizier JM. Neighborhood differences in alternative tobacco product availability and advertising in New York City: Implications for health disparities. *Nicotine Tob Res*. 2019;21(7):896-902. doi: 10.1093/ntr/nty244
  - Received an Altmetric “Attention Score” of 176, placing it in the top 5% of all research outputs scored by Altmetric.
33. Weinberger AH, Pacek LR, **Giovenco D**, Galea S, Zvolensky MJ, Gbedemah M, Goodwin RD. Cigarette use among individuals with alcohol use disorders in the United States, 2002-2016: Trends overall and by race/ethnicity. *Alcohol Clin Exp Res*. 2019;43(1):79-90. doi: 10.1111/acer.13922
  - I made substantial contributions to this publication with respect to results interpretation, and I drafted and revised several sections of the manuscript. Alcoholism: Clinical and Experimental Research's (impact factor: 3.235) scope spans animal and human clinical research, epidemiological, experimental, policy, and historical research relating to any aspect of alcohol abuse, dependence, or alcoholism.
34. **Giovenco DP**, Spillane TE, Mauro CM, Hernández D. Evaluating the impact and equity of a tobacco-free pharmacy law on retailer density in New York City neighborhoods. *Tob Control*. 2019;28(5):548-554. doi: 10.1136/tobaccocontrol-2018-054463
35. **Giovenco DP**, Spillane TE, Mauro CM, Martins SS. Cigarillo sales in legalized marijuana markets in the U.S. *Drug Alcohol Depend*. 2018;185:347-350. doi: 10.1016/j.drugalcdep.2017.12.011
36. Wackowski OA, **Giovenco DP**, Singh B, Lewis MJ, Steinberg MB, Delnevo CD. Content analysis of U.S. news stories about e-cigarettes in 2015. *Nicotine Tob Res*. 2018;20(8):1015-1019. doi: 10.1093/ntr/ntx170
  - I contributed meaningfully to study conceptualization, development of the coding instrument for the content analysis, results interpretation, and manuscript writing. Nicotine & Tobacco Research (impact factor: 3.786) is the official journal of the Society for Research on Nicotine and Tobacco, the largest tobacco-related research society globally.
37. **Giovenco DP**, Delnevo CD. Prevalence of population smoking cessation by electronic cigarette use status in a national sample of recent smokers. *Addict Behav*. 2018;76:129-134. doi: 10.1016/j.addbeh.2017.08.002
  - Received an Altmetric “Attention Score” of 316, placing it in the top 5% of all research outputs scored by Altmetric.
38. **Giovenco DP**, Ackerman C, Hrywna M, Delnevo CD. Changes in the availability and promotion of non-cigarette tobacco products near high schools in New Jersey, USA. *Tob Control*. 2018;27(5):578-579. doi: 10.1136/tobaccocontrol-2017-053800
39. **Giovenco DP**. Smoke shop misclassification may cloud studies on vape shop density. *Nicotine Tob Res*. 2018;20(8):1025-1026. doi: 10.1093/ntr/ntx136
40. Bover Manderski MT, **Giovenco DP**, Delnevo CD. Importance of contextual and temporal accuracy when studying novel tobacco products. *Pediatrics*. 2017;139(5):pii: e20170455A. doi: 10.1542/peds.2017-0455A
  - This collaborative editorial was written in response to a publication that had methodological limitations that may have impacted the findings and conclusions. I assisted in drafting and

revising the editorial, which was accepted in *Pediatrics* (impact factor: 5.417), the official peer-reviewed journal of the American Academy of Pediatrics.

41. Delnevo CD, **Giovenco DP**, Miller Lo EJ. Changes in the mass-merchandise cigar market since the Tobacco Control Act. *Tob Regul Sci.* 2017;3(2 Suppl 1):S8-S16. doi: 10.18001/TRS.3.2(Suppl 1).2
  - This manuscript was part of a supplement commissioned by the FDA Center for Tobacco Products. I led data analysis and made substantial contributions to results interpretation, writing, and revising. *Tobacco Regulatory Science* is a widely read journal in the field, particularly among tobacco policy researchers and governmental agencies.
42. Miller Lo EJ, **Giovenco DP**, Wackowski OA, Harrell MB, Perry CL, Delnevo CD. The cigarette and smokeless tobacco markets in Texas relative to the United States. *Tob Regul Sci.* 2017;3(2):183-191. doi: 10.18001/TRS.3.2.6
  - I contributed to study conceptualization, led data analysis, wrote the methods and results sections, and revised the manuscript for intellectual content. *Tobacco Regulatory Science* is a widely read journal in the field, particularly among tobacco policy researchers and governmental agencies.
43. **Giovenco DP**, Casseus M, Duncan DT, Coups EJ, Lewis MJ, Delnevo CD. Association between electronic cigarette marketing near schools and e-cigarette use among youth. *J Adolesc Health.* 2016;59(6):627-634. doi: 10.1016/j.jadohealth.2016.08.007
44. Delnevo CD, Bover Manderski MT, Gundersen DA, **Giovenco DP**, Giovino GA. Importance of survey design for epidemiology of emerging tobacco product use among youth. *Am J Epidemiol.* 2017;186(4):405-410. doi: 10.1093/aje/kwx031
  - I made substantial contributions with respect to interpretation of the results and drafting the manuscript. The *American Journal of Epidemiology* is the official journal of the Society for Epidemiologic Research and is one of the premier epidemiologic journals devoted to the publication of empirical research findings and methodological developments in the field of epidemiologic research. It has an impact factor of 4.332 and is currently ranked #18 of 156 titles in the Public, Environmental and Occupational Health category in the Social Sciences Citation Index.
45. **Giovenco DP**, Lo EJM, Lewis MJ, Delnevo CD. “They’re pretty much made for blunts”: Product features that facilitate marijuana use among young adult cigarillo users. *Nicotine Tob Res.* 2017;19(11):1359-1364. doi: 10.1093/ntr/ntw182
46. **Giovenco DP**, Duncan DT, Coups EJ, Lewis MJ, Delnevo CD. Census tract correlates of vape shop locations in New Jersey. *Health Place.* 2016;40:123-128. doi: 10.1016/j.healthplace.2016.05.008
47. Delnevo CD, **Giovenco DP**, Hrywna M, O’Connor R. Close, but no cigar: Certain cigars are pseudo-cigarettes designed to evade regulation. *Tob Control.* 2017;26(3):349-354. doi: 10.1136/tobaccocontrol-2016-052935
  - In this Special Communication piece, I drafted several sections of the manuscript and made intellectual contributions and critical revisions to the final publication. *Tobacco Control* is the preeminent journal in the field of tobacco control research, with an impact factor of 6.221.
48. Wackowski OA, Delnevo CD, **Giovenco DP**, Bover Manderski MT. Smokers’ early e-cigarette experiences, reasons for trying, not continuing use, and future use intentions. *Tob Regul Sci.* 2016;2(2):133-145.

- I contributed meaningfully to data analysis, results interpretation, and drafting the manuscript. Tobacco Regulatory Science is a widely read journal in the field, particularly among tobacco policy researchers and governmental agencies.
49. Delnevo CD, **Giovenco DP**, Steinberg MB, Villanti AC, Pearson JL, Niaura RS, Abrams DB. Patterns of electronic cigarette use among US adults. *Nicotine Tob Res.* 2016;18(5):715-719. doi: 10.1093/ntr/ntv237
- Designated by Nicotine & Tobacco Research as one of the 10 most cited articles between 2013-2018, earning the paper a “Highly Cited Article” distinction.
  - In addition to helping conceptualize the study, I took primary responsibility for data analysis and drafted several key sections, including the methods, results, and discussion. Nicotine & Tobacco Research (impact factor: 3.786) is the official journal of the Society for Research on Nicotine and Tobacco, the largest tobacco-related research society globally.
50. Meng QY, Schwander S, Son Y, Ravis C, Delnevo CD, Graber J, **Giovenco DP**, Robson M. Has the mist been peered through? Are we ready yet to conduct human health risk assessment for electronic cigarettes? *Hum Ecol Risk Assess.* 2015;22(2):558-579. doi: 10.1080/10807039.2015.1100064
- I was invited to co-author sections of this paper in order to provide population health context to the individual risk profile of electronic cigarettes. I also reviewed, edited, and approved the final manuscript. Human and Ecological Risk Assessment is the official journal of the Environmental Health and Sciences Foundation. It is widely read in the field of environmental health and exposure science.
51. Viola AS, **Giovenco DP**, Lo EJM, Delnevo CD. A cigar by any other name would taste as sweet. *Tob Control.* 2016;25(5):605-606. doi: 10.1136/tobaccocontrol-2015-052518
- I led data analysis and made substantial contributions to the results interpretation and the writing of the final manuscript. Tobacco Control is the preeminent journal in the field of tobacco control research, with an impact factor of 6.221.
52. **Giovenco DP**, Gundersen DA, Delnevo CD. Reaching a representative sample of college students: A comparative analysis. *J Am Coll Health.* 2016;64(3):262-7. doi: 10.1080/07448481.2015.1088018
53. Delnevo CD, Villanti AC, Wackowski OA, Gundersen DA, **Giovenco DP**. The influence of menthol, e-cigarettes and other tobacco products on young adults’ smoking trajectories. *Tob Control.* 2016;18(5):715-719. doi:10.1136/tobaccocontrol-2015-052325
- I contributed to study conceptualization, results interpretation, and drafting and revising the manuscript. Tobacco Control is the preeminent journal in the field of tobacco control research, with an impact factor of 6.221.
54. Steinberg MB, **Giovenco DP**, Delnevo CD. Patient–physician communication regarding electronic cigarettes. *Prev Med Rep.* 2015;2:96-98. doi: 10.1016/j.pmedr.2015.01.006
- This was one of the first studies to examine communication related to e-cigarettes between health providers and patients. I made substantial contributions with respect to participant data collection, data analysis, writing, and critically revising the manuscript. Preventive Medicine Reports is the daughter journal to Preventive Medicine. In addition to publishing articles that appeal broadly to the preventive medicine and health promotion communities, the journal also publishes papers that have a subspecialty angle, are population or region-specific, or report preliminary data.

55. **Giovenco DP**, Hammond D, Corey CG, Ambrose BK, Delnevo CD. E-cigarette market trends in traditional US retail channels, 2012-2013. *Nicotine Tob Res.* 2015;17(10):1279-1283. doi: 10.1093/ntr/ntu282
- This publication was written in partnership with researchers from FDA's Center for Tobacco Products (Corey, Ambrose).
56. **Giovenco DP**, Lewis MJ, Delnevo CD. Factors associated with e-cigarette use: A national population survey of current and former smokers. *Am J Prev Med.* 2014;47(4):476-480. doi: 10.1016/j.amepre.2014.04.009
- Essential Science Indicators designated this publication a "hot paper," receiving enough citations to place it in the top 0.1% of its academic field based on a citation threshold for the field and publication year.
57. Delnevo CD, **Giovenco DP**, Ambrose BK, Corey CG, Conway KP. Preference for flavoured cigar brands among youth, young adults, and adults in the USA. *Tob Control.* 2015;24(4):389-394. doi: 10.1136/tobaccocontrol-2013-051408
- In this manuscript, published in collaboration with colleagues from FDA's Center for Tobacco Products (Ambrose, Corey) and the National Institute on Drug Abuse (Conway), I contributed to study conceptualization, data analysis, results interpretation, and took primary responsibility for writing the methods and results sections. Tobacco Control is the preeminent journal in the field of tobacco control research, with an impact factor of 6.221.
58. Delnevo CD, Wackowski OA, **Giovenco DP**, Manderski M, Hrywna M, Ling P. Examining market trends in United States smokeless tobacco use: 2005-2011. *Tob Control.* 2014;23(2):107-112. doi: 10.1136/tobaccocontrol-2012-050739
- Essential Science Indicators designated this publication a "highly cited paper," receiving enough citations to place it in the top 1% of its academic field based on a citation threshold for the field and publication year.
  - I substantially contributed to this publication with respect to data analysis, and the writing and revising of the final manuscript. Tobacco Control is the preeminent journal in the field of tobacco control research, with an impact factor of 6.221.

## PRESENTATIONS

---

### Invited Presentations

- 2022      **Research Seminar Series.** Ohio State University Comprehensive Cancer Center. January 12. Title of talk: Impact and equity of NYC's initiative to reduce tobacco retailer density: A spatial analysis

- 2021 **Health Policy Speaker Series.** Yale University School of Public Health, Department of Health Policy and Management. November 17. Title of talk: Spatial methods to assess the impact of NYC's initiative to reduce tobacco retailer density
- Food and Drug Law Journal 2021 Symposium (The path forward: Seeking racial equity in food and drug law).** Food and Drug Law Institute. November 5. Moderator, "E-racing health disparities: Menthol, e-cigarettes, and continued efforts to target people of color"
- MDQuit's 15th Best Practices Conference.** Maryland Quitting Use and Initiation of Tobacco (MDQuit) Resource Center. January 27. Title of talk: Different smokes for different folks: Tobacco use disparities in an evolving product marketplace
- 2020 **Tobacco Regulatory Science Webinar.** Center for Coordination of Analytics, Science, Enhancement, and Logistics (CASEL) in Tobacco Regulatory Science. December 9. Title of talk: Leveraging tobacco sales data to inform regulatory science research.
- Research Design and Analysis Seminar Series.** The University of Massachusetts, Boston - Dana-Farber/Harvard Cancer Center U54 Comprehensive Partnership for Cancer Disparities Research. December 1. Title of talk: Methods to assess social and environmental drivers of tobacco-related health disparities
- Virtual Conference on E-cigarettes and Health Equity.** Society for Research on Nicotine and Tobacco. November 19. Title of talk: Contextualizing e-cigarette policy responses in a diverse tobacco marketplace: Are they aligned with health equity goals?
- Cannabis in Healthcare: Pros & Cons.** Columbia University Department of Medicine's Continuing Medical Education Program. November 6. Title of talk: Vaping & cannabis: An emergent public health issue
- Tobacco and Nicotine Products Regulation and Policy Conference.** Food and Drug Law Institute. October 22. Panelist, "Recognizing and Addressing Disparities in Tobacco and Nicotine Product Use and Outcomes." Title of talk: Promoting health equity and addressing tobacco use disparities in a diverse product landscape
- 2019 **Research Seminar Series.** University of Wisconsin Joseph J. Zilber School of Public Health, Milwaukee, WI. April 4. Title of talk: Engaging community partners in research on neighborhood determinants of health
- 2018 **"Race to Justice" lecture series on racial equity and social justice.** New York City Department of Health and Mental Hygiene, New York, NY. July 18. Title of talk: Health disparities in a new tobacco landscape
- Brocher Summer Academy in Population-level Bioethics.** Brocher Foundation, Hermance, Switzerland. May 30. Title of talk: Harm reduction and health disparities
- 2017 **"Lunch & Learn" seminar series.** Lerner Center for Public Health Promotion, Columbia University Mailman School of Public Health, New York, NY. November 20. Title of talk: Tobacco marketing in NYC: Neighborhood profiling and its health consequences

**Invited Lecturer**, Hanoi University of Public Health in Hanoi, Vietnam. October 17-18.  
Title of talk: Health and place: Studying the association between community features and health behaviors

- Led a 2-day course for faculty and staff that provided an overview of mobile device-assisted field data collection, geographic health data, and multi-level modeling techniques

**“Turning the Tide Conference: A New Generation of Public Health Interventions.”**

Sponsored by the Lerner Center for Public Health Promotion, Columbia University Mailman School of Public Health, New York, NY. April 17. Title of talk: Community mapping and utilizing geographic data

**A Review of the Health Effects of Electronic Nicotine Delivery Systems (ENDS)**, National Academies of Sciences, Engineering, and Medicine, Washington, DC. February 21.  
Title of talk: Electronic nicotine delivery systems: Patterns of use and disparities

- Invited as an expert speaker to present population-level data on patterns of ENDS use and harm reduction behaviors to a committee convened by FDA’s Center for Tobacco Products

**Monthly webinar training series**. Region 2 Public Health Training Center, New York, NY. February 7. Title of talk: Non-cigarette tobacco products: Patterns of use and community-level prevention strategies

- Broadcast nationally to governmental health employees and other members of the public health workforce

**“Food for Thought” Seminar Series**. Columbia University Mailman School of Public Health, Department of Sociomedical Sciences, New York, NY. February 1. Title of talk: Different smokes for different folks: How lower risk tobacco products may exacerbate health disparities

**Pediatric Grand Rounds**. University Hospital, Newark, NJ. April 22. Title of talk: Changing epidemiology of youth tobacco use

- Educated physicians, residents, and medical students about the evolving tobacco product landscape, and use patterns and trends among youth

2015 **TEDx Conference**. Blair Academy, Blairstown, NJ. November 11. Title of talk: E-cigarettes: A disruptive technology?

**Peer-Selected Conference Presentations** (\* denotes those for which I was presenting author)

Oral Presentations

1. **Giovenco DP\***, Spillane TE, Maggi RM. Patterns of tobacco retailer attrition by store type and neighborhood characteristics in New York City. Presented March 17, 2022 at the Society for Research on Nicotine and Tobacco annual meeting, Baltimore, MD.
2. **Giovenco DP\***, Ganz O, Spillane TE, Safi Z, Talbot E, Wackowski OA, Delnevo CD, Lewis MJ. Promotion of cigar products in Instagram “stories.” Presented October 20, 2021 at the NIH Tobacco Regulatory Science Meeting. [Virtual]

3. **Giovenco DP\***. Menthol cigarette sales trends in the United States and associations with regional residential segregation. Presented June 11, 2021 at NIH's "High-Risk, High-Reward Research Symposium." [Virtual]
4. **Giovenco DP\***, Spillane TE. Spatial patterns of tobacco retailer density reduction in New York City: Preliminary evaluation of a nascent policy approach. (Symposium: Tobacco vendor density and licensing: Strategies and lessons from India, Pakistan, and the US). Presented February 25, 2021 at the Society for Research on Nicotine and Tobacco annual meeting. [Virtual]
5. **Giovenco DP\***, Spillane TE, Maggi RM, Kong AY, Villanti AC, Delnevo CD. Market area trends in menthol and non-menthol cigarette sales in the United States and associations with regional racial composition. Presented February 26, 2021 at the Society for Research on Nicotine and Tobacco annual meeting. [Virtual]
6. Spillane TE, **Giovenco DP**. Assessing the quality of Google Street View for documenting tobacco advertising in New York City. Presented February 26, 2021 at the Society for Research on Nicotine and Tobacco annual meeting. [Virtual]
7. **Giovenco DP\***, Spillane TE, Talbot E, Wackowski OA, Lewis MJ, Delnevo CD. Pack characteristics of top-selling cigarillos in the United States: Differences between blunt and non-blunt products. Presented February 27, 2021 at the Society for Research on Nicotine and Tobacco annual meeting. [Virtual]
8. **Giovenco DP\***, Spillane TE, Baig SA. Prevalence and correlates of switching to exclusive e-cigarette use among daily smokers: Findings from the Population Assessment of Tobacco and Health (PATH) Study. Presented February 22, 2019 at the Society for Research on Nicotine and Tobacco annual meeting, San Francisco, CA.
9. **Giovenco DP\***, Spillane TE, Merizier J, Zheng S. Point-of-sale promotion of non-cigarette tobacco products in Manhattan, NYC. Presented February 24, 2018 at the Society for Research on Nicotine and Tobacco annual meeting, Baltimore, MD.
10. Coleman B, Rostron B, Johnson S, Persoskie A, Pearson J, Stanton C, Choi K, Anic G, Goniewicz M, Cummings KM, Kasza K, Silveira M, Delnevo C, **Giovenco D**, Niaura R, Abrams D, Kimmel H, Borek N, Compton W, Hyland A. Transitions in electronic cigarette use among adults in the Population Assessment of Tobacco and Health (PATH) Study, Waves 1 and 2. Presented February 23, 2018 at the Society for Research on Nicotine and Tobacco annual meeting, Baltimore, MD.
