Current Projects

1. Project Title: Inter-city study of community engagement in parks, children and adolescent health
Funder: National Institutes of Health- Eunice Kennedy Shriver National Institute of Child Health & Human Development
Grant Number: 1 R13HD071388-01
Role: Principal Investigator
Project Period: 01/01/2012 – 12/31/2015; Budget: \$30,000
Description: Project to support the development of community-academic partnerships related to parks and health in Northern Manhattan and the Hill District in Pittsburgh, PA.

2. Project Title: “Assessing the Impact of Clean Heat Policy Intervention in New York City”
Funder: National Institute of Environmental Health Sciences
Grant Number: 1 R21 ES024108-01
Role: Principal Investigator (with co-Investigators: Steven Chillrud, Xinhua Liu, other significant Contributor: Matt Perzanowski and Consults: WE ACT)
Project Period: 1/20/2014-12/31/2015; Budget \$275,000
Description: This project will examine indoor/outdoor air quality and resident health in 30 Northern Manhattan buildings prior to and one-year post heating fuel conversion mandated by NYC Clean Heat Initiative.
3. Project Title: Resilience and Sandy Response among NYC Public Housing Residents
Funder: Health and Human Services
Principal Investigator: Dave Evans, PhD
Role: Co-Investigator
Community Partner: WE ACT
Project Period: September 2013-2015; Budget \$276,143
Description: This will assess the resilience of residents of high-rise public housing in responding to Sandy’s impact and develop training tools to improve preparedness and promote residents’ resilience in responding to future climate events or other building emergencies.
4. Project Title: Examining the Impact of Rental Assistance Demonstration on Children Living in Public Housing Communities
Funder: Housing and Urban Development
Principal Investigator: Yumiko Aratani, PhD
Role: Co-Investigator (also with Jeanne Brooks-Gunn)
Project Period: October 2013-2016; Budget: \$400,000
Description: This study will examine the impact of Rental Assistance Demonstration on the educational outcomes of low-income children living in public housing in California and how the effect of RAD varies by changes in housing stability and quality as well as the level of resident engagement in RAD implementation using mixed methods.
5. Project Title: Qualitative Analysis of Client Retention in the NYC Nurse-Family Partnership (NFP) Program
Funder: Fund for Public Health in New York on behalf of the NYC Department of Health and Mental Hygiene and the Nurse-Family Partnership program.
Role: Co- Principal Investigator (with Amelie Petitclerc co- PI; Jeanne Brooks-Gunn, advisor; Sarah Berk, study coordinator; Anne Martin, consultant)
Project Period: November 2013 – May 2015; Budget: \$40,000
Description: This project will provide a better understanding of client attrition in the NYC NFP, in order to guide efforts to (1) improve retention rates and (2) better frame the issue of attrition in communications with the public and potential funders.
6. Project Title: A Washington Heights Community Diagnosis
Funder: New York Presbyterian (Global Research and Analytics for Public Health- GRAPH)
Role: co-Investigator (with Crystal Fuller, Peter Muennig and Qixuan Chen)
Project Period: January 2014 – February 2016; Budget: \$1,600,000
Description: This project will pioneer the examination of features of health systems that are responsive to community health needs and optimize health for lower costs by delivering a rigorous multi-modal community diagnosis of the local Washington Heights community while refining and extending methods that can be used in other settings.

7. Project Title: Bundled Rapid HIV/HCV Testing Intervention to Increase Receipt of Test Results
Funder: National Institute of Drug Abuse
Grant Number: 1 R34 DA038530-01
Principal Investigators: Jemima A. Frimpong, PhD and Thomas D'Aunno, PhD
Role: Co-Investigator
Project Period: 2015-2018
Description: This project seeks to develop and test a bundled rapid HIV/HCV testing intervention (joint offer of HIV and HCV testing at the point of service), in order to increase the receipt of HIV and HCV test results among patients of drug abuse treatment programs.
8. Project Title: Enhanced HIV Care Access & Retention for Drug Users in San Juan, Puerto Rico
Funder: National Institute of Drug Abuse
Grant Number: R01
Principal Investigators: Lisa Metsch, PhD and Jorge Santana, MD
Role: Co-Investigator and Lead Ethnographer
Project Period: 2013-2018
Description: This study evaluates both the effectiveness and cost of implementation of a community-level structural approach to maximize outcomes along the implementation cascade of testing, linkage, ART initiation, engagement and retention in care, for a disproportionately affected subpopulation of marginalized injection drug users in Puerto Rico.

Past Projects

9. Project Title: “Energy Insecurity: Examining Energy, the Built Environment and Health Among Vulnerable Populations in the Context of Climate Change”
Funder: Provost Office, Columbia University
Role: Principal Investigator
Project Period: 2/15/2013- 2/14/2014; Budget \$25,000
Description: Study on the impact of energy efficiency interventions on health and finances of low-income householders
10. Project Title: “Up in Smoke: A Community-based Participatory Research Project on the Conversion Process to Cleaner Burning Fuel in Northern Manhattan”
Funder: NIEHS Center for Environmental Health in Northern Manhattan (ES009089)
Role: Principal Investigator (with Steven Chillrud, Matthew Perzanowski, Xinhua Liu)
Community Partner: WE ACT (Milka Rodriguez, Cecil-Corbin Mark)
Project Period: 7/1/2013-6/30/2014; Budget \$25,000
Description: Pilot project to examine indoor/outdoor air quality prior to and one-year post heating fuel conversion mandated by NYC Clean Heat Initiative.
