I have been interviewed by the print media multiple times over many years on issues related to adolescent

sexual and reproductive health – particularly regarding sexuality education and adolescent pregnancy. I have never attempted to keep track of these! Likewise, I have made a number of appearances on broadcast media – television and radio. I was also interviewed in 3 or 4 documentaries about abstinence-only programs including Let's Talk about Sex. <https://www.youtube.com/watch?v=KInwDdVVKsc>
